

## ALL GOOD PEOPLE (Justin Lacroix)

Sorry if I sometimes get a little out of hand  
Sorry if I get a little pushy now and again  
But I'm trying to do my best  
Yeah, I'm trying to give it my all  
I'm trying to do my best, 'cause mine is all I got  
Trying to do my best, not just for me but for us all  
Trying to do my best for all you good people

Sorry if I stayed a little too long again last night  
Mostly sorry 'cause it hurts to look up at the light  
But I was feelin' on a roll, maybe a little invincible  
I was feelin' on a roll 'cause I was feelin' all the love  
Feelin' on a roll 'cause the groove was real' good  
Feelin' in on a roll, feelin' all you good people

Sorry if I disappear without leaving a hint  
Sometimes I can't help it  
My soul's got a mind for wandering  
But I'm here with you now  
Yeah, I'm here to tell you how  
Here with you now - here to tell you what  
Here with you now - that I aint gon' give you up  
Here with you now  
Here with all you good people

Sorry if I sometimes get a little out of hand  
Sorry if I get a little pushy now and again  
But I'm trying to do my best  
Yeah, I'm trying to give it my all  
I'm trying to do my best, 'cause mine is all I got  
Trying to do my best, not just for me but for us all  
Trying to do my best for all you good people

Trying to do my best for all you good people  
Trying to do my best for all you good people  
Trying to do my best for all you good people
